THIRTEEN-PERIOD CALENDAR FOR 1937

For a number of years the practice of dividing the year into 13 periods of 4 weeks each has been gaining favor in business. Divided this way, any period is directly comparable to any other period.

The varying number of calendar days, working days, Saturdays, etc., in different months of the ordinary 12 month calendar often distorts seriously such vital statistics of business as sales, costs, production, payrolls, etc. For National Diary users who record such facts on a weekly or four weekly basis, the 1937 Official 13 period calendar is presented by courtesy of the International Fixed Calendar League, Rochester, N. Y.

10-11.30 I collected shingle beach east side Hurricane Hole, Coral Bay
11.40 - 1.15 p.m. worked reef off Sagoon Pt. Coral Bay. Top of reef fairly dead, more on outer side but hard to collect because of swell & surf. Acropora right close to surface; large palmate branches Porites on inner northern end gave us most of our material. 2-3 a clear among no end milttraps.

At one thirty moved around N. side of id, to Cruise Bay where Gov's House is located. got ashore near 6 p.m. to visit Commissioner; with wife walked up to inspect skin, Comm. Dr. Hughes followed us later & going down steps for terrace took a 12 ft drop to ground & landed on back with head knocked out, we walked him back to residence. (Bill & old Parish Banach) where he went to bed. Though I planned to go this evening we stayed over to see how he made out. E. L. at night.

A COMPLETE SERVICE FOR YOU

For every kind of business or personal record, there is a kind of equipment especially suited to the needs and uses of that record. And it is the business of the modern stationer to help you select the right equipment for the job.

He knows the advantages and limitations of every device in common use. He doesn't pretend to be an expert in business systems. But in all matters pertaining to the selection of records for greatest efficiency, his knowledge and experience will be invaluable to you.

For example ask the stationer to show you the many features of these National items:
